

## **A Question to the People and the Church Where is your Post?**

We've all dealt with issues in certain neighborhoods. As I've matured I found out that this don't just effect the people who live in these neighborhoods but everyone of us. We here on the news everyday shootings of innocent people and no one comes forth.

Can I Get A Witness is a play about thee girls who changed the mindset of a neighborhood, a pastor who would not back down, a street (the post) that was forbidden to walk down. They dared to make a difference. They witnessed to the lost, the lonely, the addicts and turned their live around thru witnessing about Christ. Even through heavy resistance they stood. Everyone has a Post. It's up to us to make a difference!

**Title: Can I Get A Witness**
